

Good afternoon,

Parenting NI are now live with the Big Parenting Survey! This is the only NI specific research into parenting and we are keen to hear from as many parents as possible. Would it be possible to share the link on your schools communication method (Seesaw etc) to help us reach as many parents as possible? Please see the blurb below for more information on the survey and please use as needed to promote.

Parenting NI, committed to supporting parents and ensuring that their voices are heard, are launching the **2024 Big Parenting Survey** and are keen to reach more parents than ever before. It is arguably more important than ever to gain an insight into the realities of parenting in Northern Ireland, particularly given the current cost of living crisis which is putting extreme pressure on parents and families.

We are asking all parents to take this opportunity to be part of our anonymous **"Big Parenting Survey" 2024**. This survey will give them a chance to tell us about their experiences, the high points and the struggles. This will help shape the work of Parenting NI and enable Parenting NI to lobby and campaign for change for a better Northern Ireland for all families.

We would encourage anyone in a parenting role to please use the QR code or visit Parentingni.org to complete the survey which should take no longer than 10 minutes.

Parenting NI would really appreciate if you could share the QR code/link with the parents in your network and through social media ensuring we reach as many parents as possible. If you have any other suggestions on how we could reach more parents, please get in touch with Emma by email or on the phone number below.
